President's Message

Hello everyone,

By the looks of it I think we have finally officially entered Spring! That means warmer weather, happier people and metal detecting season! I hope everyone is having a great time with the warmer weather and getting back into their outside hobbies. I wanted to also thank everyone who came to last month's "Marble March" day and especially to the people that brought some of the collections that they are passionate about. I really enjoyed seeing what other people collect and learned a lot about cards, military figurines and marbles. Moving forward we are going to dedicate March's meeting to the show and tell style so I really hope that next year everyone will get the chance to bring something they are passionate about.

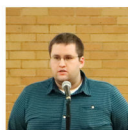

This month we have the honor of hearing from Drew. He has prepared a really interesting lesson about the coinage during the French Revolution and the changes that happened during the Napoleonic Wars. I would highly suggest being in attendance this month because this will be one of the most interesting presentations considering how relatively recent and well documented this time period was. I also have on good authority that there might possibly be real examples of these coins to show the crowd.

Also at this meeting, I just wanted to remind everyone that finds of the month are in full swing, and I am really looking forward to seeing what everyone found this month. There is a small prize for winning in your category and since very few people have been able to make it out in the weather we had very few entries last month. This means some people won multiple categories so everyone has a really good change this month.

I also wanted to let everyone know that membership dues are owed, and starting next month we will be removing email address of anyone without an up to date membership. Dues can be paid online, or in person at our next meeting! I really hope to see everyone next week, and I hope everyone has a great weekend metal detecting!
